

NEW *MATIE*? NEW LAPTOP!

Access to a pc is indispensable for you as a student. With your own laptop –

- you can study anywhere and connect to the wireless network where available;
- you have access to all the library resources;
- you don't have to wait at computer user areas on campus for an available pc;
- you have easy access to mymaties.com for study material, notices and your results, on campus and at home;
- you have convenient access to the internet;
- you have your social networks with you wherever you are
