

iPhone Mail Setup Guide

Go to [Menu](#) and Select [Settings](#), you will now see the following menu

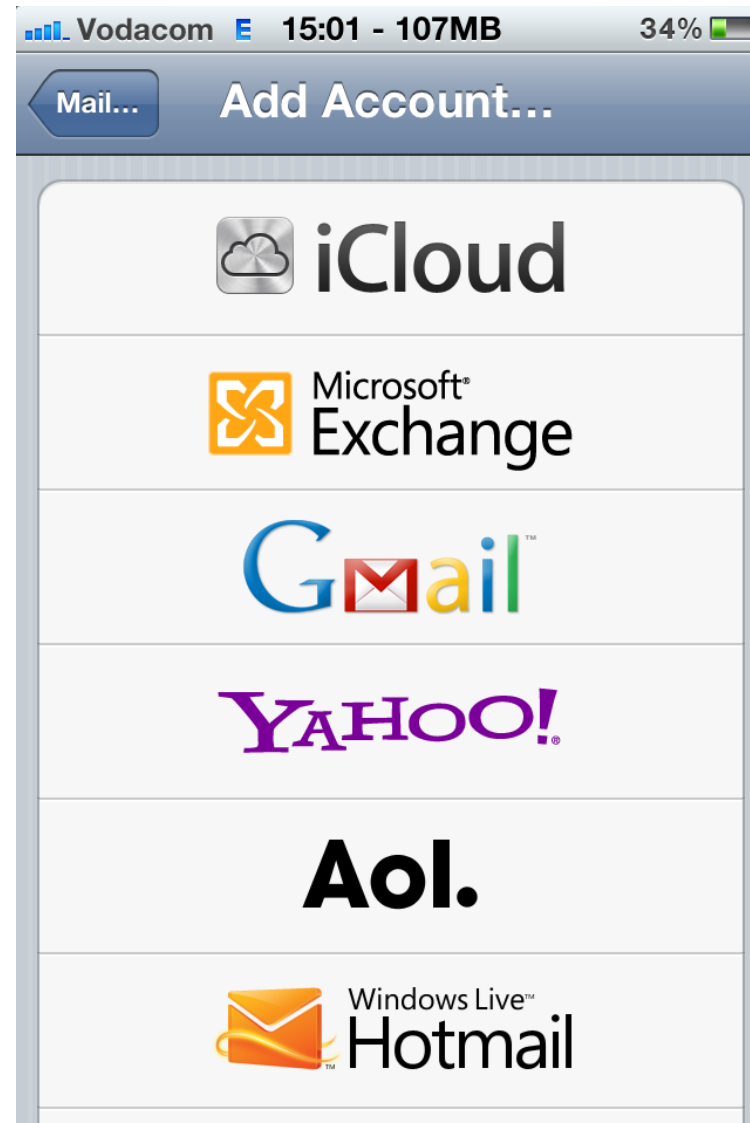

Now Select the [Mail](#), [Contacts](#), [Calendar](#) option

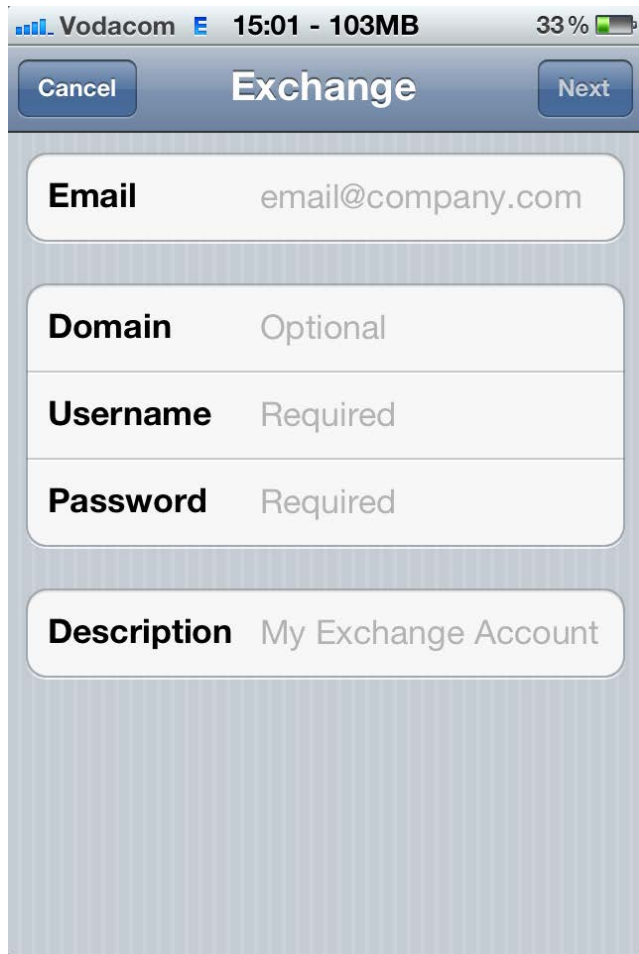

Now select [Add Account...](#)

Then Select [Microsoft Exchange](#)

Email: *Your student number*@sun.ac.za

Domain: STB

Username: STB/your student number

Password: Your Password

Description: University Mail

An example of what you should see on your screen.

Then wait for your mail account to sync.

That's it and now you have your mail setup on your iPhone.
